# welcome

We welcome you as a patient and thank you for your confidence.

We appreciate the opportunity to meet your needs in obstetrical and gynecological care.

For your convenience, office hours are scheduled by appointment. Please allow 24 hours notice if you must cancel an appointment. We accept personal checks, MasterCard and Visa.

If you have questions or concerns regarding any medical problem, we encourage you to call. After office hours, an answering service will forward all messages to the physician.

Office hours: Monday thru Friday 9:00 a.m. to 5:00 p.m.

## **about the doctors**

Our doctors have graduated from accredited residencies in obstetrics and gynecology. These residencies require 4 years of training in obstetrics and gynecology after graduation from medical school. All doctors have been certified by the American Board of Obstetrics and Gynecology or are in the process of being certified (Board eligible).

## **about our obstetrical care**

You will be able to meet all of the doctors during your prenatal care visits. When you deliver, you will only be delivered by one of the doctors in the practice. By the end of your prenatal visits, you should be comfortable with all of the doctors. The doctor on call changes on a daily basis. We do try to accommodate special requests for doctors not on call.

## **about contacting the doctors**

We encourage you to contact the doctors regarding your medical care. During office hours, we return emergency calls immediately. Nonurgent calls are returned at the lunch hour and after hours. If you page the doctors after hours, you should receive a call back within a few minutes. If you don't receive a return call promptly, please call the answering service again. If you have a problem with a doctor returning calls, please contact the office manager to discuss the problem. If at any time you feel that you have an emergency and cannot reach a physician, please go to the emergency room or the labor and delivery unit.

## our billing policies

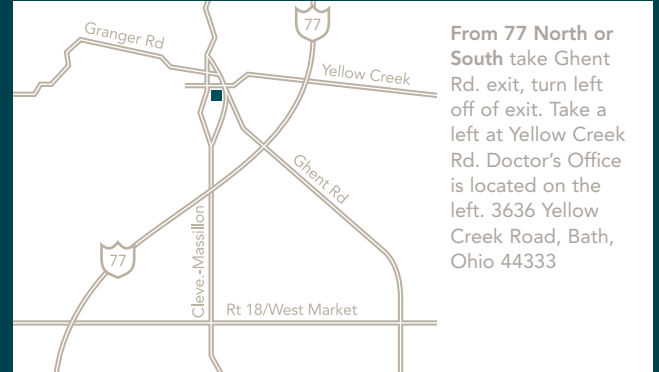

We participate in most insurance plans. We will bill your insurance directly if we have accurate information. Please inform us of any changes in your insurance, telephone number, or address. Please feel free to contact our billing department if there are any problems with your bill. Please remember to follow any of your carrier's rules regarding referrals from your primary care physician.

## important telephone information

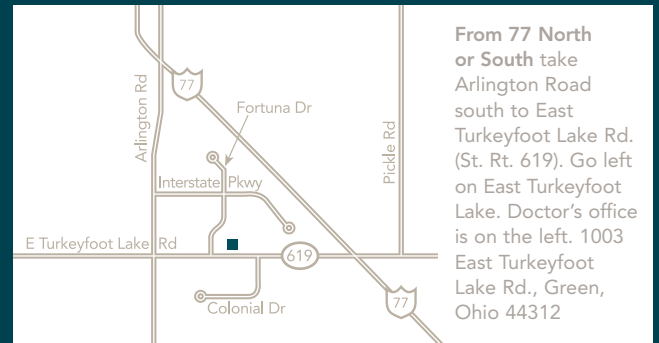

Unfortunately, we are unable to return messages to pager numbers. We cannot return messages to you if you have blocking on your caller ID system for private numbers. We will leave messages on voice mail and answering machines that are of a nonconfidential nature, unless you request that we leave no messages.
